

AGRICULTURAL AND FOOD CHEMISTRY

Division of AMERICAN CHEMICAL SOCIETY

Subject: ACS Division of Agricultural and Food Chemistry Awards 2013–2014

Dear Colleague:

The Agricultural and Food Chemistry Division (AGFD) of the American Chemical Society (ACS) is proud to offer the following awards for 2013–2014:

The Undergraduate Student Research Symposium – Those students chosen to participate as Finalists in the symposium will receive travel expenses up to \$1,000 to attend and present their research at the 2014 ACS Spring Meeting in Dallas, Texas. Two prizes will be awarded. First prize will receive a cash award of \$750. Second place will receive a cash award of \$250. Deadline for application is October 31, 2013.

The Withycombe-Charalambous Graduate Student Symposium – Finalists in the symposium will receive travel expenses up to \$1000 to attend and present their research at the 2014 ACS Spring Meeting in Dallas, Texas. One prize will be awarded comprising of a cash award of \$1000. Deadline for application is October 31, 2013.

The Teranishi Graduate Fellowship – The winner will receive a one-time fellowship award of \$2,500 and a plaque to be given at the 2014 ACS Fall Meeting in San Francisco, California. Deadline for application is February 1, 2014.

The Young Scientist Award Symposium – Finalist will receive travel expenses up to \$1,000 to attend and present their research at the 2014 ACS Fall Meeting in San Francisco, California. The winner receives a cash award of \$1,000. Deadline for application is April 1, 2014.

In addition to the above awards, the Division offers another award for scientific contributions in the area of Agricultural and Food Chemistry, the **Award for Advancement of Application of Agricultural and Food Chemistry** (AGFD Award). This prestigious Award, which consists of \$3,000, a plaque, and meeting travel expenses, is co-sponsored by the AGFD and International Flavors and Fragrances. Deadline for application is February 15, 2014.

Details of these awards can be found in the attached flyers. We would appreciate if you would make every effort to publicize them to colleagues, students and faculty. Additional information about the AGFD awards can be obtained from the AGFD website: <http://agfd.sites.acs.org/awards.htm>

If you need additional information, please do not hesitate to contact me.

Sincerely,

Artemio Z. Tulio, Jr., Ph.D.
Chair, Canvassing Committee/AGFD-ACS

The Agricultural and Food Chemistry Division (AGFD)
of the American Chemical Society (ACS)

In conjunction with the 247th ACS National Meeting
March 16-20, 2014 in Dallas, Texas

Presents

UNDERGRADUATE STUDENT RESEARCH SYMPOSIUM

This symposium is designed by AGFD to showcase the research talents of undergraduate students, provide a professional forum for presentation of their research and promote their continuance of education in food & agricultural chemistry.

Participation in the symposium is open to all undergraduate students at all certified universities actively participating in research projects/programs in the areas of food and agricultural chemistry.

Those students chosen to participate as Finalists in the symposium will receive travel expenses up to \$1000 to attend and present their research at the Spring meeting of the ACS. The AGFD Advisory Board will choose those students who will participate in the symposium. Two Undergraduate Research Award winners will be determined at the time of the Symposium. First place will receive a cash award of \$750. Second place will receive a cash award of \$250.

Applications are being accepted from qualified undergraduate students. To apply, please submit the following items:

1. Application form
2. Resume/CV
3. Complete college transcripts
4. One page summary of the research done to date
5. Letters of recommendation from two professors (one from advisor)
6. A 150 word abstract of the proposed oral presentation

Deadline for applications: October 31, 2013
Enter your Proposed Abstract via the ACS PACS On-line System

Send application to:
Dr. Charles J. Brine
28 Tee-Ar Place
Princeton, NJ 08540-3946
Phone: 609-924-3819
E-mail: brinec11@verizon.net

Application to the Agricultural and Food Chemistry Division
Undergraduate Student Research Symposium

Name: _____

College/University: _____

Major(s): _____

Address: _____

Phone number: _____

e-mail: _____

Research Advisor: _____

Is your research advisor a member of the ACS Agricultural and Food Chemistry
division? (circle one)

Yes

No

Along with this form, please submit the following items:

1. Resume/CV
2. Complete college transcripts
3. 1-page summary of research that you have completed to date
4. Letters of recommendation from 2 professors (one the advisor)
5. 150 word abstract of your proposed oral presentation

Send your completed application to:

Dr. Charles J. Brine
28 Tee-Ar Place
Princeton, NJ 08540-3846
609-924-3819 (Phone)
brinec11@verizon.net

Deadline for applications to be received: October 31, 2013
(Enter your Proposed Abstract via the ACS PACS On-line System)

WITHYCOMBE-CHARALAMBOUS GRADUATE STUDENT SYMPOSIUM

Sponsor: Division of Agricultural and Food Chemistry (AGFD) of the American Chemical Society (ACS)

Purpose: This symposium is designed to showcase the research talents of graduate degree candidates to prospective employers.

Eligibility: Participation in the symposium is open to all graduate students who are expected to graduate in 2014 from certified universities doing advanced research in the areas of food and agricultural chemistry.

Selection Process: The AGFD Advisory Board will choose those graduate students who will participate as Finalists in the symposium.

Venue/Date: The symposium will be held in conjunction with the 247th ACS National Meeting in Dallas, Texas on March 16-20, 2014.

Travel Award: Finalists in the symposium will receive travel expenses up to \$1000 to attend and present their research at the ACS National Meeting.

Award Winner: The Graduate Research Award winner will be determined in the Symposium and given a Cash Award of \$1000.

Requirements: The application package must include the following items:

- 1.) Cover letter with resume
- 2.) Complete college/graduate school transcripts
- 3.) Two-page summary of the degree research
- 4.) Letters of recommendation from 2 major degree professors (one letter preferably from the graduate advisor)
- 5.) A 150-word abstract of the proposed oral presentation
(*The abstract should be entered via the ACS PACS On-line System*)

Contact : The application package must be submitted to:

Dr. Charles J. Brine
28 Tee-Ar Place
Princeton, NJ 08540
Phone: (609) 924-3819
E-mail: brinec11@verizon.net

Deadline: October 31, 2013

Visit <http://agfd.sites.acs.org/awards.htm> for more details.

THE TERANISHI GRADUATE FELLOWSHIP IN FOOD CHEMISTRY

Applications are being accepted from beginning graduate students. The student must have outstanding grade point averages (GPA) and show promise of an excellent graduate research career.

The winner receives a one-time fellowship award of \$2,500

Deadline for application is February 1, 2014

For application information, please contact:

Dr. Chi-Tang Ho

Rutgers, The State University of New Jersey
Department of Food Science

65 Dudley Rd.

New Brunswick, NJ 08901-8520

Phone: (848) 932-5553 Fax: (732) 932-6776

E-mail: ho@aesop.rutgers.edu

More information about this award is available at:

<http://agfd.sites.acs.org/awards.htm>

This award is sponsored by the Division of Agricultural and Food Chemistry of the American Chemical Society

How to apply:

1. There is no special application form. The applicant should submit one copy of the research proposal for consideration by the committee. It should be typed on a standard 8" x 11" paper, and must be no longer than 2 pages.
2. The application must be accompanied by a letter of recommendation from the faculty member with whom the proposed research will be done. In addition, at least one other letter, but no more than three, from professor(s) at the student's undergraduate institution must be supplied.
3. Please supply the following information:
 - a) General (on a cover page to the proposed research project)
 - 1) Name (first, middle initial, last name)
 - 2) Current address, please include zip code
 - 3) Telephone, please include area code
 - 4) Graduate status at the time of application
 - 5) Name and location of college or university
 - 6) Department in which research is being done
 - 7) Name, address, and telephone number of the research advisor
 - b) Details of the research (no longer than 2 pages)
 - 1) Objectives of the research
 - 2) Summary of the research
 - 3) Research techniques to be used
 - 4) Expected results or accomplishments of the research
 - 5) Significance of the research to the area of food chemistry
4. The research proposal and recommendation letters, with the exception of transcripts (both undergraduate and graduate, if possible), must be sent preferably in electronic form:

Dr. Chi-Tang Ho
Rutgers, The State University of New Jersey
Department of Food Science
65 Dudley Rd.
New Brunswick, NJ 08901-8520
Phone: 848-932-5553
E-mail: ho@aesop.rutgers.edu

Note: The official undergraduate and graduate transcripts may be sent separately.

5. The application must be received on or before February 1, 2014 in order to be considered for a Fall 2014 Fellowship award.

Young Scientist Award Symposium

In conjunction with the
248th National Meeting & Exposition
of the American Chemical Society
August 24–28, 2014 · San Francisco, CA

This symposium is sponsored by the Agricultural and Food Chemistry Division (AGFD) of the American Chemical Society. This symposium is designed by the AGFD to showcase the research talents of outstanding young scientists in the fields of study encompassed by the Division.

Participation in the symposium is open to all young scientists who have earned their last degree within 12 years of October 1st of the year of presentation. The award will be presented at the 248th ACS Meeting in San Francisco, California on August 24–28, 2014.

Those young scientists chosen to participate in the symposium will receive travel expenses up to \$1000 to attend and present their research at the fall meeting of the ACS. The AGFD Advisory Board will choose those young scientists who will participate in the symposium from which the AGFD Young Scientist of 2014 will be chosen. The winner will receive a Cash Award of \$1000.

Applications are being accepted from young scientists or nominations may be made by colleagues. To be considered, please submit the following items (by e-mail if possible):

1. Application letter or letter of nomination
2. Two letters of recommendation
3. Two page summary of the research of significance
4. *Curriculum vitae* including a list of publications, patents and presentations
5. 150 word abstract of the proposed oral presentation.

Deadline for applications: April 1, 2014

Enter your Proposed Abstract via the ACS PACS On-line System

Send Application to:

Dr. Charles J. Brine
28 Tee-Ar Place
Princeton, NJ 08540
Phone: 609-924-3819

Advancement of Application of Agricultural and Food Chemistry Award

Purpose

To recognize and encourage outstanding contribution(s) to pure and/or applied agricultural and food chemistry.

Nature

The award consists of \$3,000, an engraved plaque, and an allowance to cover the traveling expenses of the awardee to the meeting at which the award is presented.

Rules of Eligibility

A nominee must have made (1) outstanding application of chemistry and/or chemical technology to the solution of agricultural or food problems of importance to the nourishment and health of mankind or (2) outstanding contributions to the advancement of pure and/or applied agricultural and food chemistry.

Nomination of Candidates for the Award

Nominations should list the name, present affiliation, and achievements of the candidate. They may be accompanied by no more than three (3) letters of endorsement. Six (6) complete copies of the nomination must be submitted to the Chair of the Awards Committee by February 15th of the year for which they are nominated. The Awards Committee will select one nominee for ratification by the Divisional Executive Committee at their spring meeting. Nominees, other than the recipient, will be eligible for consideration for two (2) consecutive calendar years without re-submission of information.

Send nominations to:

Dr. Steven Nagy
AgScience, Inc.
206 West Bridgers Avenue
Auburndale, FL 33823
Phone: 866-967-8898
E-mail: AgScience@aol.com

Deadline: February 15, 2014

This award is administered by the Division of Agricultural and Food Chemistry of the ACS and sponsored by the International Flavors and Fragrances, Inc.

AWARD FOR THE ADVANCEMENT OF AGRICULTURAL AND
FOOD
CHEMISTRY

Nominating Form
To: Chairman, Award Committee
Dr. Steven Nagy
Agscience
206 West Bridgers Ave.
Auburndale, FL 33823
Phone: (866) 967-8898

This nominating form is simply a guide and should not restrict the scope of the nomination. If more space is needed, simply attach an extra sheet with the additional information.

1. Candidate's name: _____
(last) (first) (middle I)

2. Citizenship: _____ Birthplace: _____
Date of Birth: _____

3. Home Address: _____

4. Business Address: _____

5. Present Job: (Description of duties and responsibilities)

6. Family Status: (optional) Spouse's name: _____
names and ages of children: _____

7. Education:
College or University Degree and Graduation Date

8. Professional Career: (Describe briefly but thoroughly in chronological order)

9. Major non-professional interest:

10. List memberships in societies, clubs, and other organizations:

11. List previous honors granted and date received for professional work during or following education:

12. List candidate's patents and/or published papers by title and reference:

13. Description of work to be considered for this award: (State thoroughly and accurately the nature, purpose, and results of candidate's work)

14. Appraisal and Evaluation: (Statement of nominator evaluating candidate's work and its importance to the advancement of agriculture or food chemistry. The appraisal should be thorough, thoughtful and add to the information already presented on this form. The evaluation and appraisal is of the greatest importance and should be prepared with care. This will spotlight contributions of particular significance to theory or proactive. If the nominee is not the sole author of important publication, his personal contribution should be specified)

I submit that the facts contained in this nomination are accurate to the best of my knowledge.
