

A Breakthrough in Quantitative PCR: Droplet Digital™ PCR

Thursday, Oct 29, 2015
Seminar 12:00 pm - 1:00 pm

Location: 1207 RMI South

Speaker: **Hector Macias, PhD**
Field Applications Scientist
Bio-Rad Laboratories

Intro to Droplet Digital PCR and Applications

Absolute
Quantification

Viral/Pathogen
Detection

Difficult Starting
Samples

NextGen
Sequencing
Applications

Multiplex PCR

Copy Number
Detection

Detect Rare
Targets

Mutation
Detection

Find out why you would do droplet digital PCR over your current methods...

Please RSVP by Oct 27th for catering purposes. Thank you!

Please reserve your seat by emailing tiffany_kanegawa@bio-rad.com .
