## About the Course:

Ever had questions about harassment or discrimination or just wondered what exactly these terms mean in 2014? Have you been in an employment situation where you needed support but didn't know where to turn? Then, this course is designed for you! Harassment and discrimination are issues that can present in subtle ways in the modern workplace. We want you to understand what these terms mean, what they look like today, what the UC Davis policies have to say about them and what resources are available to help. We know that education is a powerful tool for prevention, so let's make sure we're all informed. We'll discuss harassment and discrimination, explore hypothetical situations, discuss strategies for intervention and resolution and identify campus resources. Then, we invite you to take what you've learned and share it with others in the UCD community!

## Please Note:

This course does NOT meet the requirement for sexual harassment training mandated in AB 1825.
